

PIPE LOWERING CRADLE

MODEL : PLC Series (Single & Double)

Liftec Pipe Lowering Cradles provide superior performance, safety, ease of use, and durability, making them an excellent choice for handling and transporting pipes in various operations.

Our Liftec Cradle is engineered for safe, efficient, and reliable lifting and support of pipelines during all line-travel operations. Its robust wraparound design automatically centers the pipe within the cradle, increasing operational stability and handling accuracy.

Local After Sales Support .:

Available Local aftersales service extending its service life

FEATURES

Performance :

Even Pressure Distribution, Multiple urethane rollers ensure that pressure on the pipe is evenly distributed, eliminating the risk of damaging the pipe coating and preventing the 'egging' of the pipe.

Seamless Operation: Urethane rollers can easily ride over weld seams without getting stuck, enhancing operational efficiency.

Safety & Ease of Use:

Smooth Operation & High Safety Factor: The design and choice of materials ensure a high safety factor.

Excellent Durability :

Heavy-Duty Urethane Rollers Equipped with ball bearings, the urethane rollers do not deform under the weight of the pipe or during storage.

High Mechanical Strength:

The material's high mechanical strength withstands stresses, ensuring longevity.

Dynamic Load-Bearing Ability: Special damping characteristics result excellent in dynamic load-bearing capacity and outstanding performance.

PIPE LOWERING CRADLE

MODEL : PLC Series (Single & Double)

Technical Specification

MODEL	PIPE DIAMETER		CAPACITY TONS	ROLLERS	TRAVERSE DIMENSION - INCH			IRON HEAD WEIGHT
	INCH	MM			LENGTH	WIDTH	HEIGHT	IN Kg
PLC 0612	6-12 Single	152-305	5	10	21	6.5	15.5	45
PLCD 0618	6-18 Dual	152-457	13.5	28	36	34	25	200
PLCD 1224	12-24	305-610	12	14	37	32	18	202
PLCD 2436	24-36	610-914	25	12	57	54	20	522
PLCD 3648	36-48	914-1219	31	16	73	64	25	699
PLCD 4860	48-60	1219-1524	47.5	18	85	80	31	1366

These features make Liftec Pipe Lowering Cradles reliable and efficient tools for various pipe handling needs.

Certification : Our roller cradles meet all applicable international standards and are supplied with TUV certification.

Size Range Versatility : Available in sizes ranging from 6" to 68".
